Rick, Executive Director/CEO since November '72, is currently working quarter-time. He has a BS in psychology from Union College, an MSW with a concentration in individual therapy from the University of Illinois, and a Third Year Graduate Certificate with a concentration in group therapy from Tulane University. Rick's personal comments: I have two grown boys, plus a handicapped son who lives half time with me in SilverBeach. There I live with a relatively light footprint in a small rustic cabin with wood heat, cold running water, and a garden. I eat a mostly vegetarian diet, bike and walk for transportation, and dance for fun. Much of my time is spent running another non-profit organization, The Dudley Foundation.
