In my non-work hours I write, read widely, help my significant other with our organic vegetable farm business, run in the mornings, take ballet, bike and travel when I can.

I have two grown children, a girl and a boy, and a significant other named Walter.

I am interested in sustainable agriculture, community, the arts, languages and cultures. I also have a small clinical private practice where I am part of a private practice team of therapists who provide Dialectical Behavioral Therapy to adolescents and young adults.
